Gonev's Lady's Book FOR APRIL, 1861 .-- Gopay, in his Lady's Book for April, is out again with another of his magnificent colored double mammoth fashion-plates. The charming group of children, with the child in the nurse's arms, on the left of the picture, is worthy the pencil of any of our great painters. The true colors that will be worn by the ladies are also represented. The quadruple extensoin fashionplate contains a large assortment of Spring Dresses. Spring Bonnets and Head-dresses are style of Embroidered Overlapping Collars and DO YOU WANT WHISKERS? Cuffs; and a large variety of fancy and useful ar ticles in the Work Department. The steel plate in this number is the Pet Donkey, and a beauti- DO YOU WANT A MUSTACHE? ful engraving it is.

The literature of this number of Gopey is excellent. The "Romance of Central Harbor," by Miss Januarn, is a delightful story. Mrs. RASHER is lame from fashionable skating, and is more whimsical than ever. "Sunshine and Stimulating Onguent, Shade " is continued, and " The Cities of Refuge" is concluded. We bid "Aunt Sophy welcome with her smiling face. "Drawing Lessons" and " Model Cottages" are continued in this number, and form one of the great attractions of the Lady's Book.

Good -- We met one of our friends yesterday in Broadway, and were astonished at the change in his appearance. A few weeks ago we saw him, he was pale, lean and dejected; complaining of weakness and debility, having been so a filioted all summer. Now he appears to be fat, healthy and strong. We learn he owed his restoration entirely to Molean's Strungthening

Washingron, March 16.—Despatches received here to day from Montgomery indicate a momentary apprehension of a collision at Fort Pickens. It appears that the commanders of the Brooklyn and Sabine can land no supplies, or have any further communication with the shore. There are 500 government troops opposite, and other marines in the various vessels lying off the harbor. It is said that they disregard this notification, and on an attempt to land a fight will at once come off.

The ordinance has been passed altering the free banking act, which substitutes the stock of the Confederate States for those of the United States, and allows the issue of two for one; foreign citizens not corporations are allowed to hold the stocks.

Virginia Convention.

RICHMOND, March 16 .- The Convention as sembled to-day. Union resolutions, wrapped in in the American flag, from the people of Norfolk county, were presented and tabled. Anti-secession resolutions were also offered and tabled. Mr. Goggin offered an amendment to the report of the committee on Federal Relations, proposing secession with a view to the eventual reconstruction of the Union. The amendment was ordered to be printed. Mr. Randolph, of Richmond, made a speech against the propositions of mond, made a speech against the propositions of the Peace Convention, and favoring secession. Without taking any definite action, the Conven-tion adjourned.

To Missouri Convention. Sr. Louis, March 17.—The following amendment to the fifth resolution of the majority report of the committee on federal relations, which has been under discussion for the past week, was voted down yesterday in the Convention by 61 against 30: "And furthe believing that the fate of Missouri depends upon a peace able adjustment of our present difficulties, she will never countenance or aid a seceding State in making war upon the General Government, nor will she provide men and money for the purpose of aiding the General Government in any attempt to coerce a seceding State."

The Australasian Safe. NEW YORK, March 16.—Captain Hockey, of the Australasian, it is reported, broke both flan-ges of the screw, Feb. 20, in latitude 30, longi-tude 24, but continued the voyage westward the 26th, under canvass, when a heavy gale was experienced from the westward, and put before it, reaching Queenstown on the 3d—During one day she made 280 miles. The Arabia did not bring the Australasian's specie.

THE BLOOD.

This compound will be found a great promoter of health, when taken in the gring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcroussores, through which the system will three to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse aut the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must to wrong and the

must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously decived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because the statement. for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla. or any thing else.

or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disapprintment has followed the use of the various extracts of Sarsaparilla which flood the market until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irrefisible by the ordinary run of the diseases it is intendby the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

DR. J. C.
